Experiences

Team Albania (NATIONAL CYBER SECURITY AUTHORITY)| ECSC 2025 — *Purple Team*

OCT 2025 – OCT 2025

Represented Team Albania at the European Cyber Security Challenge (ECSC) 2025. Worked in a floater role within the Purple Team — managing services, monitoring tools, and supporting both defensive and offensive operations.

Gained valuable experience in teamwork, adaptability, and real-world cybersecurity problem-solving under pressure.

Alpine Edge — *Junior Dev Ops*

JUL 2025 – Present

Previously completed a DevOps internship at Alpine Edge, where I gained hands-on experience with Kubernetes, AWS, and Terraform to manage cloud infrastructure and automate deployments. This role strengthened my skills in container orchestration, cloud services, and infrastructure as code (IaC).

Alpine Edge — *Dev Ops Internship*

DEC 2024 – MAY 2025

As a DevOps internship at Alpine Edge, worked with Kubernetes, AWS, and Terraform to manage cloud infrastructure and automate deployments. This experience deepened my understanding of container orchestration, cloud services, and infrastructure as code.
